About This Content

Who is Lord Smaceshi? Why is their name so hard to say?

You've been issued a challenge! Complete Lord Smaceshi's nefarious tests and become the ultimate assassin. Use your stealth, combat and even your parkour skills to become victorious!

Set in a new open micro-world, Smaceshi's Castles sees you continue your journey into a hyper detailed future Tokyo.

Smaceshi's three castles represent three different aspects of the Tokyo 42 action experience. You will be judged on your speed and skill. Will you be the fastest, the deadliest? From crazy parkour puzzles to mid-air rocket launcher fights, Smaceshi's Castles pushes it to the limit.

Will you succeed?

Features an astonishing 90 new missions:

35 Combat Missions,
25 Parkour Missions,
10 Stealth Missions
20 Bike Race Missions

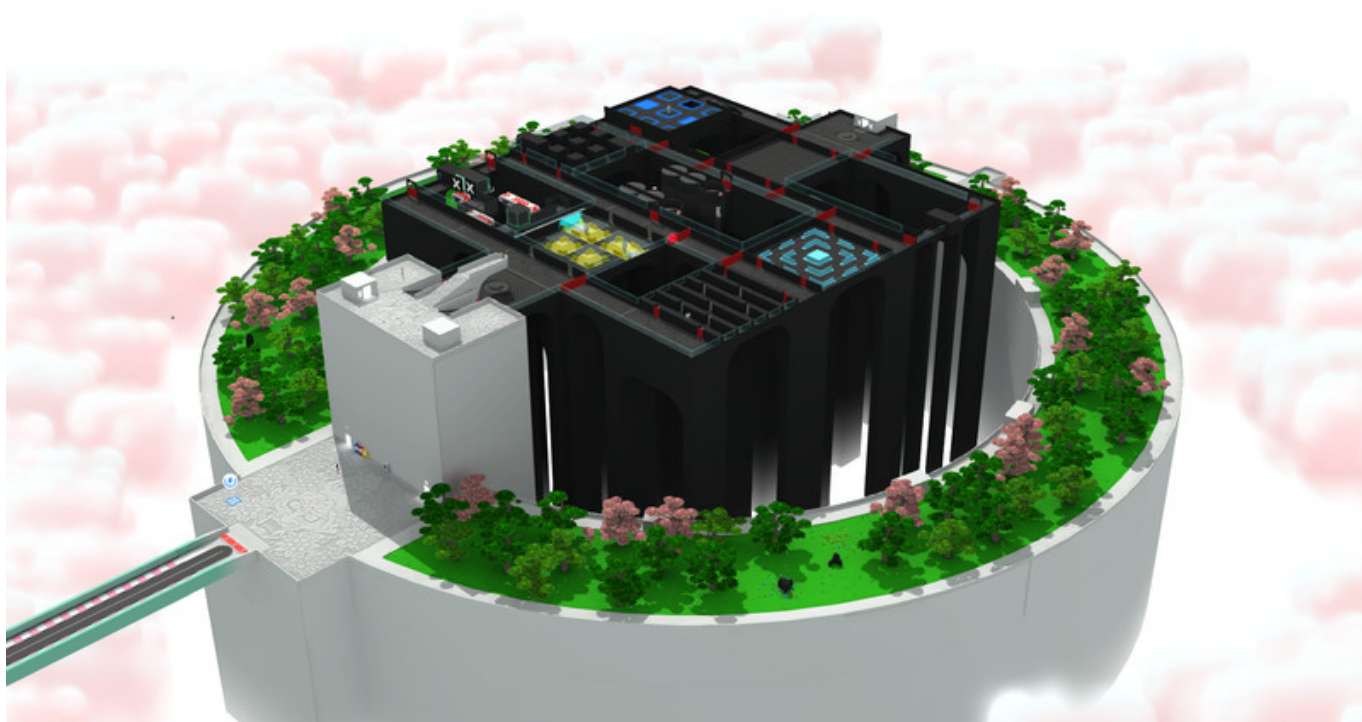

Plus 4 new weapons (not included in Multiplayer):

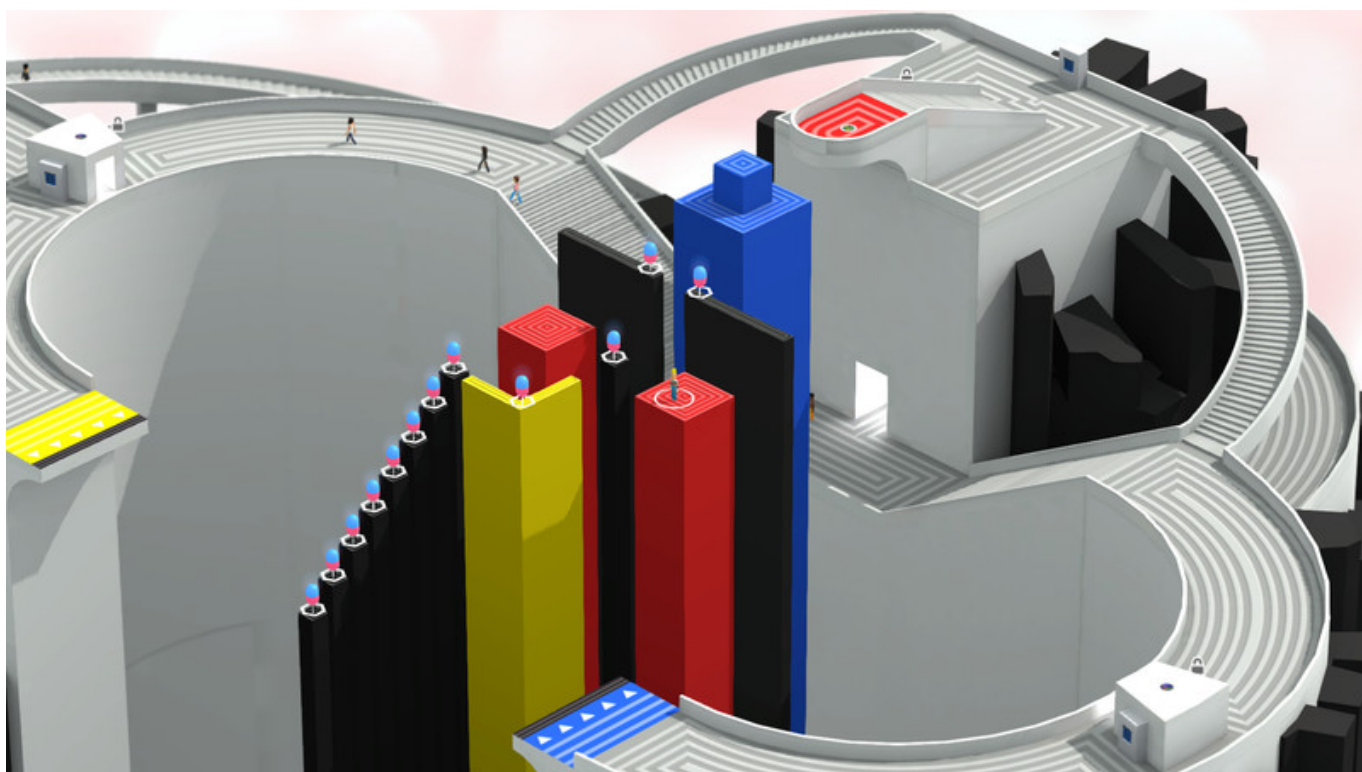

Short Bow
Long Bow
Shuriken

The new bow is a very cool weapon. But this DLC has no story and no city to explore, so it's just grinding mission after mission. Stealth was my favourite part of the original game, but here it doesn't have any enemies and is timed, which isn't as much fun..

oh yea yeah

yokyo420. I found this DLC very boring. It has no exploration and city at all. Weapons are cool but grinding are not.
